

We are continuously searching qualified

Senior Consultants / Experts

under our EU-Framework Contract

Lot-10 "Support to Industry/Commerce/Services and Economic Development"

Our Contract's duration is from September 2009 until September 2012. Individual assignments have durations **from few days up to one year**. The assignments may take place in every third country benefiting from EC external aid programmes. The objective of the EC Framework Contract (FWC) is to provide, via individual assignments through specific contracts, technical expertise which can be mobilised at very short notice. Commercial conditions of the individual assignment depend on duration and project country.

General Requirements

- At least **10 years consulting** experience in at least one of the methodology areas and sectors (see below)
- Excellent language skills in **at least one of the following languages**: English, French, Spanish, Arabic, Portuguese
- **Experience in project cycle management** (analysis, identification, formulation, planning, implementation, preparation of Terms of Reference, monitoring, evaluation)
